

Emerson Impact Partner

ECI, an Emerson Impact Partner, is the leading provider of industrial automation, valves and process control technology in western Pennsylvania, West Virginia, western Maryland and Ohio. ECI also provides design, configuration, lifecycle support and training services for customers in the oil and gas, chemical, power, food and beverage, mining and metals, life sciences, pulp and paper, refining, petrochemical, OEM and nuclear industries. An ISO 9001:2015 registered company, ECI has operated on the principles of quality, reliability and safety for more than 60 years, offering unmatched product and service solutions designed to meet specific customer needs.

ACTUATION

- Emissions Controlled Actuation Technology
- Pneumatic, Hydraulic and Electric Actuators
- Valve Operating Systems
- Gearboxes & Overrides
- Controllers & Instruments

RELATED BRANDS

ASCO[®] BETTIS[™] BIFFI[™] EIM[™]
EL-O-MATIC[™] KEYSTONE[™] TOPWORX[™]

CONTROL VALVES

- Globe, Angle, Segmented Ball, Three-Way, Ball, Eccentric Plug, Butterfly, Severe Service, Multi-Port, Plug and Choke Valves
- Steam Conditioning and Desuperheating
- Noise Attenuation

RELATED BRANDS

BAUMANN[™] FISHER[™] SEMPELL[™]

MEASUREMENT INSTRUMENTATION

- Pressure, Flow, Level and Temperature Measurement
- Corrosion & Erosion Monitoring
- Wireless Infrastructure
- Flame & Gas Detection

RELATED BRANDS

ASCO[™] FISHER[™]
ROSEMOUNT[™] TOPWORX[™]

SHUT OFF AND SPECIALTY VALVES

- Trunnion Ball, Floating Ball, Butterfly, Triple Offset, Gate, Globe, Check, and Knife Gate Valves
- Severe Service Valves
- Damper Valves
- Direct Steam Injection

RELATED BRANDS

Services & Support

Lifecycle Services – Multiple Service Centers throughout our territory, factory-trained technicians and engineers are prepared to support your needs from warehousing and inventory to valve assembly and repair, engineering, reliability solutions, installation and outage management. ECI's repair capabilities range from control valves and instrumentation to isolation and pressure relief valves.

Control Panel Development & Fabrication – ECI's Panel Shop develops and builds custom process control panels, delivering precision and accuracy through automated drilling, tapping and milling with a Steinhauer ModCenter machine.

Skid Technologies – Custom prefabricated process control skids are developed and built to your specifications for a variety of applications.

Pump Services – ECI's pump services offers complete solutions including pump repair and service, system development for batching, flow and pressure control, and other control requirements. System configuration including the base design, power source and drive package selection as well as advanced control options enables top performance.
