

We Really Do Mean **COMPREHENSIVE** When Referring to Our Service Capabilities

Valve Repairs. Onsite Machining. Outage Management.

Most of our customers know us as the Premier Service Provider for all brands of Emerson control valves, isolation valves, pressure management, and actuation products; however, we offer much more. No matter the type of valve, our dedicated service technicians and talented outage management coordinators provide the level of service and attention to detail you've come to expect from ECI.

High Tech Ops Center

Our state-of-the-art 108,000 square foot Operations Center offers skid fabrication, advanced technologies—like our robotic welder and CNC machine designed to produce a perfect control panel—and FAT testing, in addition to valve repairs for ALL brands.

Onsite Trailer for Machining

Our 20-foot trailer contains everything needed for high quality precision machining. Whether for modifications as part of a planned shutdown, emergency repairs, or any problem where transporting the machinery to our shop would be difficult, we come prepared to get you up and running as quickly as possible. Our trailer comes fully equipped with:

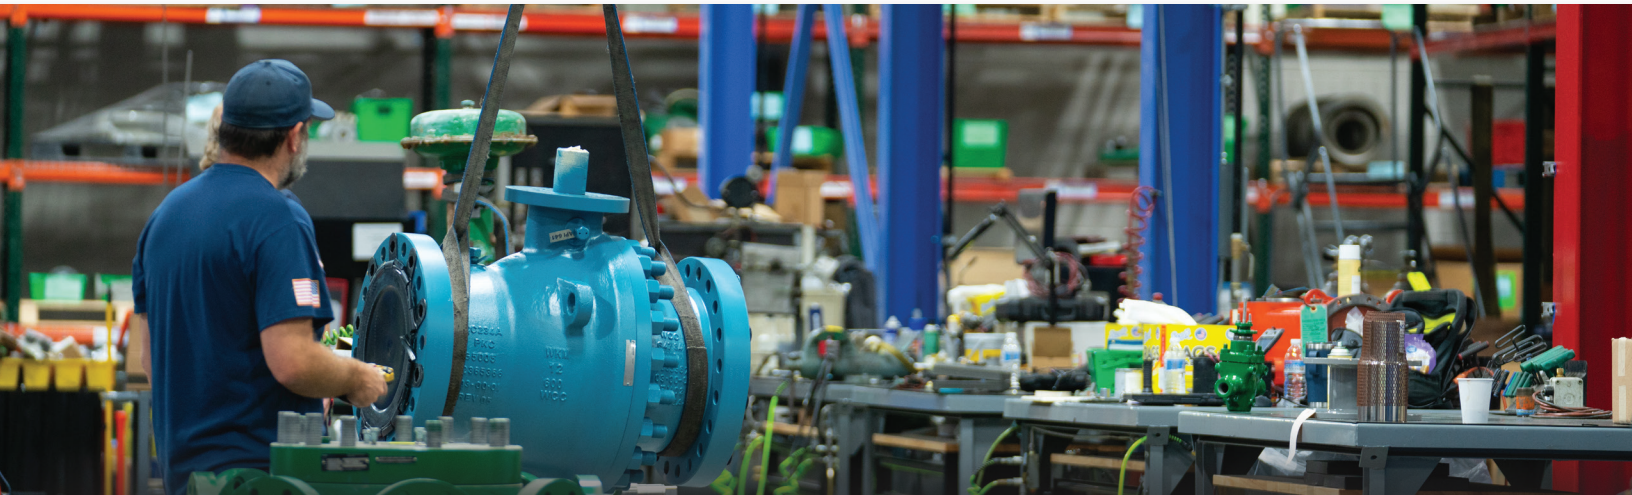

- Manual Lathe
- Milling Machine/Tools
- Sandblaster
- Drill Press
- Hydraulic Press
- Air Compressor
- Parts Washer
- Bench Vise
- Floor Vise
- Grinder
- Stocked Toolbox
- Measurement Equipment

Outage Management Coordination

We not only repair, replace, and upgrade valves, we also have the resources who understand everything that goes into shutdowns and turnarounds—including safety, preparation, coordination, and post-outage reviews.

Why look for alternatives, when you can have full confidence that your next project will go according to plan and within budget—all under one P.O.

We have the full capabilities and talented team to help you plan your next major outage, but if you need us sooner, we are here for you today.

Founded in 1956, ECI specializes in providing best-in-class process control systems, automation products, pumps, and related solutions for manufacturing and industrial customers in the oil and gas, chemical, power, food and beverage, mining and metals, life sciences, pulp and paper, refining, petrochemical, OEM, and nuclear industries. In addition, ECI's experts and certified technicians provide reliability solutions, plant lifecycle services, process solutions, automation, and valve repair services for a wide variety of products. The company is proud to be your local Emerson Impact Partner serving Western Pennsylvania, West Virginia, Western Maryland, and Ohio.
